

# Thermafiber® Insulation Products

## TEST PROCEDURES & CERTIFICATION OF MATERIALS

- + We certify that the following materials supplied by us meet, or were tested in accordance with, the following ASTM standards or specifications.

Product	ASTM Designation
<b>Commercial Insulation</b>	
FireSpan® 90 & FireSpan® 40 Curtain Wall Insulation	C518, C553, C612, C665, E84, E136, E2307
Safing™ Insulation	C518, C553, C612, C665, E84, E136
RainBarrier® 45 & RainBarrier® HD	C518, C553, C612, C665, E84, E136
Sound Attenuation Fire Blankets (SAFB™)	C518, C553, C612, C665, E84, E136
TopStop® Head-of-Wall Insulation	C518, C533, C612, C662, E84, E136
SoundZero®	C423, C518, C1338, C665, C1104, C1304, E84, G22
VersaBoard® 35, 40, 60, & 80	C665, C612, C1104, C356, E136, E96
UltraBatt™	C665, C1104, E136, E96
<b>Industrial Insulation</b>	
Industrial Blanket	C177, C411, C518, C553, C795, E84, E136
Industrial Board	C177, C411, C518, C553, C612, C795, E84, E136
Industrial Felts	C165, C177, C411, C518, C553, C612, C795, E84, E136
Metal Mesh Blankets	C177, C411, C518, C592, C612, C795, E84, E136
Industrial Bulk Wool	C177, C518, C764, E84, E136
K-FAC® SR	C165, C177, C356, C411, C518, C612, C795, E84
K-FAC® 19	C177, C612, E84

Made in the USA

Note: Federal Specifications have been replaced by ASTM Standards.  
 Federal Specification HH-I-521F has been replaced by ASTM C665.  
 Federal Specification HH-I-558B has been replaced in part by ASTM C553.  
 ASTM C553 does not apply to products classified as semi-rigid per ASTM C1101.  
 Refer to product literature for specific classification types.
